Schools Library Services UK
www.schoolslibraryservicesuk.org

All School Library Services (SLS) differ, but here are some of the ways we can help:

- **Setting up a whole library or a book corner**
Whether you're setting up a library for the first time or moving one within the school, ask for advice on shelving, furnishing, stock and staff.

- **Buying the right books**
We can advise you on the most suitable books currently available, to ensure you always have up-to-date and high quality stock. Some SLSs offer a book ordering service with competitive discounts

- **Pre and post OFSTED support**
Experienced SLS staff can evaluate your library and create a library development plan for you.
- **Advice on library IT systems**
We can help you choose the best IT system for your library and offer guidance and practical help with its implementation.
- **Staff training**
Maintain best use of your library by ensuring staff are fully trained. Some SLSs can provide you with a professional librarian on a regular basis.

'The SLS has supported the school in setting up a new school library, by conducting an audit of library resources and suggesting a plan of action. The professional advice given was very helpful at a time when lots of decisions about a new library had to be made.' Wilbury School (Enfield)
